

At the **School of Social Innovation** we dream of communities of dedicated and well-equipped people participating in caring for and healing of the ills of this world. To build such communities, innovative social leaders are needed to build and develop the human and social capital of our nation.

2023 Executive Short Courses can help our dream come true:

1. Leadership for Social Innovation and Entrepreneurship
2. Human-centred Design Thinking for Social Innovation and Entrepreneurship
3. Mentoring and Coaching, Personal Mastery and Emotional Intelligence for Social Business
4. Corporate Governance and Ethics for Social Business
5. Impact Assessment for Social Business
